goes farthest

### CARTHAGE PRESS CELEBRATES

Last week the Carthage Press celebrated its fiftieth anniversary with a 40-page edition that was a credit to Mr. Sewall and the Press force as well as Carthage. The Press was established in 1872 by J. A. Bodenhamer who later sold it to A. W. St. John. W. J. Sewall became sole owner in 1896. The daily was started in 1884. From a Washington hand press and the crudest and most meager equipment this paper has grown until it is equipped largely with the very best of printing equipment.

We don't hesitate to say, and no doubt the people of Carthage realize, that The Press is one of the most valuable assets of that prosperous and progressive city. This edition of The Press is very valua-

ble for its wealth of historical information concerning this section of the country and of which too little is known by the later generations.

Our congratulations to the publishers of this excellent paper. May she live to celebrate her centennial.

### BIRTHS.

The following births were reported to this office by Dr. Knott: To Herbert Campbell and wife, 8 miles west of Jasper, a daughter, Thursday, March 30. The little girl is named Alberta Louise.

To Doyle C. Lilly and wife, 6 miles northwest of Jasper, a daughter, Monday, April 3. This baby weighed but 3 1/2 pounds and was named Beulah Millicent.

### ANOTHER GOOD SALES DAY

Crowd Came in Early and Stayed Late  
—Weather Ideal.

A number of things contributed to giving last Saturday about the biggest sales day crowd since the Jasper sales day was established. The sun shone brightly and the air was almost balmy. The ground was too wet on account of previous rains for farmers to work at home. The Ford drawing at Crow's and sales at Roberts' and the Toggery Shop were also drawing cards added to the main event of the day—the sales-day auction and the general store bargains all over town.

The following will show to some extent how big the crowd was. Crow's store had 17 clerks busy and the store was a jam of humanity several hours. The Ollie Roberts store had 10 clerks and needed more. Mr. Roberts says he sold more goods Saturday by \$200 worth than ever before in his long business career here. Homer Pitts had one of his biggest days. The Farmers Exchange bought 159 cases of eggs and 42 cans of cream and sold a large amount of flour and feed. Manager Joyce says it was much the biggest day they have had. All over town it was the same story—good business.

The auction sale at the pavilion was lively and the pavilion was crowded. The sale totaled \$1750. There were 12 head of cattle, 73 head of hogs, 7 horses and mules, sheep, poultry, wagons, harness, machinery, furniture, etc. Prices were good, indeed hogs sold so well that certain buyers who wanted stock hogs badly did not buy because they regarded the prices too high.

The Jasper sales day is a success. It is a public convenience for town and country alike and its reputation is gaining over a wide territory. Live stock dealers from all over the county are regular visitors to Jasper on the first Saturday of the month.

### MARRIED AT THE PARSONAGE.

Lemuel Thomas and Miss Ruth Wiseman were married at the M. E. Church parsonage Saturday evening at 6:30 by Rev. E. H. Sapp.

The bride is the charming daughter of Leech Wiseman and wife. She graduated from the Jasper High School last spring and has been teaching the Summit School in Sheridan Township since that time, and has become very popular with pupils and patrons alike. Mr. Thomas is a son of A. L. Thomas and wife of Jasper, and has always been held in the highest regard in the community. He grew to manhood here and during the world war served from September, 1917, to May, 1919, with the U. S. forces. He participated in the Meuse-Argonne battle and was slightly gassed in that engagement. He has taken his bride to his farm to reside. Mrs. Thomas still has three weeks to teach at Summit. They have the best wishes of community for a happy life together.

C. W. Johnston and family who have been conducting a restaurant here several years packed up their effects and shipped them to Crane Saturday, where they will continue the restaurant business. Crane is a railroad junction with several divisions centering there.

### LOCAL ELECTION UNINTERESTING

A very light vote featured Tuesday's election here. Seventy votes were cast in the school election. The ward vote for council and city marshal showed 15 voting in the west ward and 47 in the east. All the regular candidates were elected, as follows: W. H. Hager, marshal; C. W. Bedell and C. E. Brown for council, and Dr. Knott and C. L. Hayzlett for school directors.

Nine-months' school provision carried unanimously. One vote was recorded against the 60-cent levy for school purposes. Five votes were cast against the 15-cent tax for school repair fund. In the west ward Mark Good got one vote for council. Frank Crow got seven votes for council in the east ward. Three east-ward votes were cast for Oscar Follmer for marshal and one for Ed Preston.

### ELI SCOTT MAKES PERFECT GRADE IN R. M. S. EXAMINATION

E. W. Scott, who has been in the Railway Mail Service the past 22 years, made the highest grade in a recent examination that it is possible to make. The examination, which is semi-annual, covers four subjects upon which he made 100, or perfect, in each, and in addition was given 130 credit marks which are the most that can be given. One of the subjects is to place—or "throw" as they term it—1016 cards into small pigeon holes in a case resembling postoffice boxes, in the shortest space of time. Each card has a Missouri postoffice printed on it and must go into the pigeon hole representing its proper railroad connection. Mr. Scott placed the 1016 cards each in its proper place in 23 minutes at the exceptional rate of 44 per minute. Sixteen per minute makes a passing grade. Eli is very properly elated over his high rating.

### STUCK IN THE MUD EIGHT HOURS.

Virgil Carter and Frank Isenmann left at 4:30 Sunday morning with their two big Masters trucks loaded with C. W. Johnston's restaurant equipment and furniture bound for Crane. They got along fine until they reached a point two miles this side of Crane, when they struck a stretch of 100 yards of soft road that it took them 8 1/2 hours to get through. They had to carry rock by hand and literally build their road through. They arrived in Crane about 4 a. m. Monday morning and got back to Carthage about 9. The distance is a little over 60 miles one way.

### Three Buildings in every Four are crying aloud for PAINT! PAINT! PAINT!

Look around you. See the bare, the worn, the chipped and scarred surfaces.

Every foot of scarred and unprotected surface means a loss to its owner. Paint neglect cost the people of the United States millions of dollars last year. Many buildings in this country need painting NOW.

Remember! Paint is an economy and the better the paint, the greater the economy.

Take Devco Lead and Zinc Paint for example. No purer paint can be made and yet judged by final results, no cheaper paint can be bought!

### BURGNER-BOWMAN LUMBER CO.

Lumber, Building Materials, Plus Real Service at all Seasons.

D. D. Beck and family, who recently sold their farm here, moved to Marionville this week. The community regrets to lose this estimable family.

### Goodyear and Michelin Tires

The best quality in all Accessories. High class mechanics and fair prices.

### White Bros. & Hayzlett.

The old Carter Garage  
South Main Street  
Cleveland and J. I. Case Tractors.

### Statement of the Condition of The First National Bank of Jasper, Missouri, at the close of business, March 10, 1922.

RESOURCES		LIABILITIES	
Loans	\$118,016.60	Capital	\$ 25,000.00

Cash	28,027.85		
	207,706.94		207,706.94

The above statement is correct.

W. H. Waters, jr., Cashier.

Abraham Lincoln said: "I like to see a man proud of the place he lives in."

So do your neighbors!

Economy as well as pride say: "Clean Up and Paint Up, and keep it up."

We say, come to us for everything you need in this worthy work.

Everything in Paints
